

Join Us for an **AbbVie Sponsored Symposium**
at the European Society for Dermatological Research

Mechanistic Perspectives on Psoriasis Control: Early Intervention and Deep Molecular Pathway Blockade

Date:
11 September 2026

Time:
13:15–14:30 CEST

Location:
Hall 2A

Session Agenda

- 13:15** Welcome & Faculty Introduction
- 13:20** Deep Molecular Pathway Blockade with IL-23 Cytokine Inhibition
- 13:40** Psoriasis Disease Modification Through Early Interception
- 14:00** Early Interception: Implications for Patient Outcomes
- 14:20** Summary, Q&A, and Farewell

Prof. Dr. Kilian Eyerich
University of Freiburg
Freiburg, Germany

Prof. Paolo Gisondi
University of Verona
Verona, Italy

Prof. Johann Gudjonsson
University of Michigan
Ann Arbor, Michigan, USA

CEST, Central European Summer Time; IL, interleukin; Q&A, Question and Answer.

This symposium is restricted to healthcare professionals only; it is organised and funded by AbbVie.
